NEW WORLD STRATEGIES
OFFICIAL MEMO

Memorandum
TO: All Employees

SUBJECT: Recent Developments

THERE IS NO NEED FOR CONCERN!

Recently during the filming of one of our programmes, a future engineer from our media team suffered an injury following a disagreement with another future engineer from our media team. This injury is NON-FATAL.

Our injured future engineer is expected to make a full recovery. He will return to his position as Media Distribution Strategist in the coming months. In the meantime, the media team will divide his duties amongst themselves and continue to create the important programming we produce.

If you are the type of person to celebrate an injury, remember that this is a member of our team with a vital role to play in the future of this organisation. On a phone call I had with W.C. Jones this morning, he made a point to say he personally admonish anyone who takes joy in the suffering of others. He is so upset by this behaviour he may miss the Christmas pageant this year, which is deeply unfortunate as it is his favourite festive event.

NOTHING HAS CHANGED REGARDING DAMAGED MATERIAL. The media team will continue to produce planned programming and replace material that was damaged in the server room incident. The individual who damaged the material mainly destroyed their own output which is just as well as they were a traitor and did not have the organisations values at heart when making this material after all.

PLEASE ALSO NOTE: DO NOT REPORT FIGMENTS OF YOUR IMAGINATION TO YOUR SENIOR STAFF. DO NOT WASTE THEIR TIME WITH CHILDLIKE LIES.

Sincerely,

Michael Edwards
