

**freda...**  
**what does she look like?**

freda looks like most girls  
in that she has long hair  
and it is red. she wears  
different kinds of clothes  
but sometimes she wears  
jumpers and sweaters

**Question... who is  
Freda...**

Freda is one of the girls  
who lives in the girls  
dorms and helps out on  
the videos only i havent  
seen her do any videos  
in a while.

## **Nathans Powerpoint Project**

mission: Tell Rodney  
Everything I know about  
Freda

Format: microsoft office  
sweet

who is freda?: she iss a girl  
who has run aaway and we  
dobnt know how

**where is she now?**  
**where did she go?**

where did she go ? at the  
moment we dont know  
but maybe someone does  
and that is why rodney is  
on the case. i dont knoww  
where she is but i will do  
what i can to help!

**how do i think we will  
find freda?**

good question.. i think  
we just need to all  
wwork together and  
focus and then we will  
figure out where she  
went to!!

**photo of freda (hairs is in the way but  
you can stil ltell its her)**

times freda and i have been together :

- a lot of different how to and finger on the buttons and review sh or 5)
- seeing each other in the halls
- times we talked: when filming finger on the button and how t
- have we ever hung out?: no
- has she ever told me and secrets?: no
- j

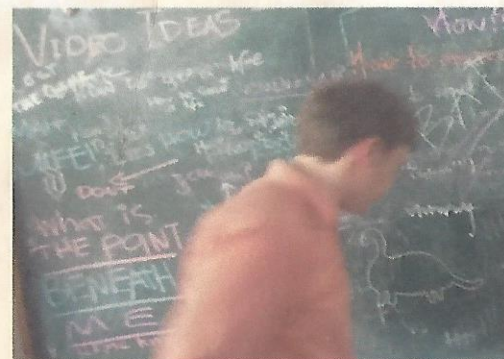

nick austin (been in lots of videos with her and he likes her)

rodney

cat ( i do not have a picture of her and i do not know if she knows her but she might)

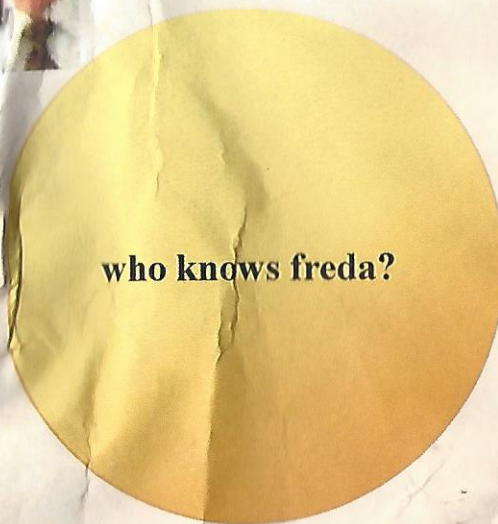

glenn walts (knew her but where is glen haha? no use asking him...)

april (both girls and worked on videos at the same time only we cant ask her)

nathan (does not know her very well and has mostly seen her in the halls and on videos)

who knows freda?

more people whwo might know her:

1. declan
2. matin
3. harley
4. the rest of the girls
5. we iones

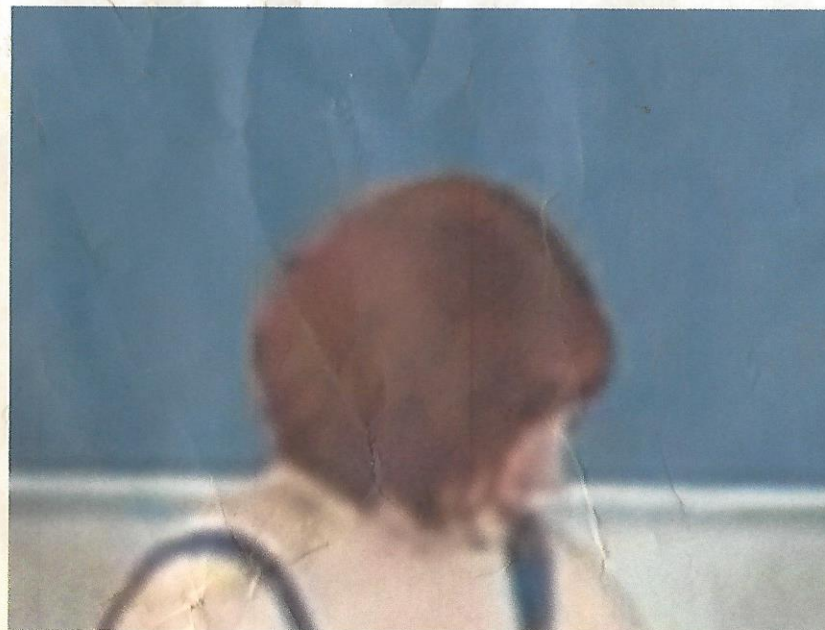

eve smith (both girls so they might gossip??)

herself

possible last known place she was..  
the old studio  
why do i think this??  
this is because she would need to go  
somewhere where no one goes so that  
no one sees her

## weird things ive noticed lately

- there is a noise coming from the dorms somethimes
- pian o has been chained up
- making the list of all the people she knows it turns out its not very many ,... maybe she did noto have many friends!!
- i do not know many girls
- more bad dreams

### WHY DID SHE GO????

it is possible she left because she is unhappy and she is unhappy because she is not able to accept wc jones teachings and did not take hold of her core self. maybe she should have done more work in her deepdives and also asked the question "what should i be doing to make myself better?"

if there is missing hard drives then i do not knoww if that is her but that is what i am hearing. yes she may have taken them but maybe they just fell out a window or got lost or someone accidentally put them in the bin. Or maybe she thought they were hers and took them with her bby accident??

## places she might have gone...

- home (parents place)
- hotel somewhere
- a school for girls
- different country(not likely)
- on a trip and she will come back soon
- funeral because a family member died

**CONVLUSION:**

**I think freda might have gone awaty  
somewhere for a bit and she will  
probably come back**

**if she doesnt theene that isnt so bad  
maybe. maybe she is really happy  
where she is and we can be happy  
without her**

**if she took hard drives then she  
probably just needs them to put notes  
on or maybe ipod songs**

**i think everyone is being very serious  
and we just need to smile**

THE END...??
